

Second Seasons 2025

2025

PLANTPEDDLER
"The Greatest PLANTS on Earth!"

45 YEARS

WELCOME FRIENDS TO SECOND SEASONS 2025

Welcome to the new Plantpeddler Second Seasons Catalog. Why is "Seasons" plural? Because there is more than one season in a year. As an industry we focus on Spring, but opportunities to expand your seasons, attract new customers, generate more income, cover overhead, and increase your profitability are very attainable. I have spoken on this topic and can prove it in any operation.

Growing Garden Mums is just the start, but Summer and Fall opportunities are not limited to Mums. There are complementary options potentially more profitable with less competition. Decorating with color happens every month of the year and consumers are eager for fresh plant material. Providing new crops of Annuals in pots, baskets, and seasonal combinations fills this niche, bringing your current customers back more often, along with adding new faces. Expand your opportunities with Plantpeddler Summer-Fall Annuals.

Next up is the Holiday season and capturing sales opportunities with Plantpeddler Poinsettias. We have focused on perfecting the production of this crop. Whether you choose to grow-your-own from rooted cuttings, use our easy to grow Prefinished Poinsettias (which can greatly increase your margin), or use our fully Finished Ready for Retail products (including our legendary Paintsettias), we have a Poinsettia opportunity for you.

To capitalize on every season of the year, we offer Hiemalis Begonias and Dianthus rooted cuttings on a year-round basis. Perfect for every season, these two crops fit into color programs for both outdoors and inside. Be creative and the opportunities are endless.

Please use us to your advantage. In 2025, we are celebrating our 45th anniversary, with special plans for Educate the Educators on July 31, Variety Day on August 1, and Poinsettia Variety Day on December 4. We are very thankful for your friendship and partnership through all these years, allowing Rachel, John, the Plantpeddler team, and especially myself, to grow a company focused on bringing the best to our cherished industry. It is our focus and goal to deliver elite genetics in the highest quality plants for all seasons.

Thanks, Mike

QUALITY ROOTED LINERS EQUALS GROWER SUCCESS

Be a Featured Grower!

Submit Your Photo for Our
Grower's Success Ads

You and your plants grown from Plantpeddler liners. Any crop, any time of the year.

Please send us pictures of you or your growers in the greenhouse, with plants produced from Plantpeddler liners. When we use your photo, we'll send you a Subway gift card, to say Thank You! We want to highlight you and your beautiful crops in our next ad.

Email your photo to: sales@plantpeddler.com

If you have any questions, email or just give us a call at 1-800-827-1654 and ask for Stacy or Mike.

Thanks so much for your cooperation and cheers
to a great Second Seasons!

PLANTPEDDLER

2025 Events

“Testing the Best in the Midwest”

Variety Day 2025

Friday, August 1, 2025

9:00 AM to 4:00 PM

The Midwest's “don't miss” event of the Summer.

A full day for Horticulture professionals in production, distribution, wholesale, and retail are invited. Time to come together with the industry, learn, and connect.

- Trial Gardens feature 1500 varieties of vegetative annuals from a global array of breeders.
- Meet with breeder representatives in the garden.
- Outstanding educational presentations, trade show, and idea exchange.
- This is a day for you to grow your business! A must attend event.

Poinsettia Variety Day 2025

Thursday, December 4, 2025

9:00 AM to 3:00 PM

If you grow, represent, or market Poinsettias, this is a must attend event. All Horticulture professionals in production, distribution, wholesale, and retail are invited.

- Over 200 commercial and pre-release varieties, produced under actual production protocols and environmental conditions.
- Every major breeder will have representatives present and highlight their varieties during the Breeder Presentations.
- Considered to be one of the top USA trials, true side-by-side comparison.

Make plans to attend both events; there is no charge and lunch is compliments of our sponsors.

Please register your team at www.plantpeddler.com/trials & events. For travel guide and event information, contact us at info@plantpeddler.com or call (800) 827-1654. If arriving the night before, please join us for special guest events.

We are looking forward to enjoying the day with you and yours!

PRODUCT FORMS AND OFFERING

- Grow your sales beyond Spring with Plantpeddler premium Young Plants for important off-peak crops including Begonias, Garden Mums and Poinsettias, along with seasonally selected Annuals and Accents. Colorful, impulse stimulating varieties to help you create seasonal combinations and bold monoculture pots.
- We have thoughtfully selected and fine-tuned the collection to a concise list of top performing varieties. Working closely with our partner breeders and production farms, we have ensured off-season supply chain. Our goal is to offer you top of the line second season performance in the greenhouse, at retail, and for your customers' homes and gardens. Success in every variety you select.
- Programs to match your operation. Premium inputs to support growers of every size to help you fulfill profitably in your market niche. Product forms, multiples, and volume programs designed to help you grow your business and profits. No forced pot or tag requirements!
- Find current Young Plant availabilities at www.plantpeddler.com, on major broker websites, and by direct email. Contact us if you wish to receive availability and other timely emails. Can't find what you need? Drop us a call or an email.

DoubleUp™ 25X Rooted Cuttings

- Primary production system for Begonia, Echinacea, Helianthus, and Rudbeckia.
- Bonded media perfect for fine rooted crops, secure shipping, and ease of planting.
- Mix & match! 25 multiple allows you the widest variety assortment in the industry.
- Low multiple, larger size allows for more flexibility in use and container sizes.
- 26/78 Tray. Plug size: 1 5/8" W X 1 3/4" D. Third sheet (26): 3 1/2" X 20"
 - Sold in multiples of 25. 300 per case. 2400 per cart.

EcoLiner™ 50X Garden Mum & Aster

- Historic crop at Plantpeddler with four decades of production experience.
- Top Mum genetics from Syngenta, Gediflora, and Dummen Orange.
- The Ball Garden Mum program is available, rooted by Plantpeddler, through the Ball salesforce.
- Proven Asters from Syngenta; easy production and adds to your Fall color range.
- Vegetative, node stacked, fully rooted under LED long days, and Florel treated.
- Mix it up! Flexible low 50 multiple per variety. More colors, more flower forms.
- 51/102 Tray. Plug size: 1 3/16" W X 1 5/8" D. Half sheet (51): 5 1/2" X 21"
 - Sold in multiples of 50. 600 per case. 4000 per cart.

EcoLiner™ 50X Rooted Cuttings – Annuals & Accents

- Along with Mums, the core configuration utilized for Annuals and Accents.
- Enriched propagation protocols to help you create perfect crops.
- Reduces risk versus URCs. Competitively priced! Efficient in shipping.
- Full (100) or half (50) flats allow you to optimize cost and variety mix.
- 51/102 Tray. Plug size: 1 3/16" W X 1 5/8" D. Half sheet (51): 5 1/2" X 21"
 - Sold in multiples of 50. 600 per case. 4000 per cart.

MultiLiner™ 50X Rooted Cuttings – Garden Mums & Annuals

- Top seasonally performing Garden Mums in our enhanced MultiLiner format.
- Season extending MultiLiner Annuals tap sales opportunities all the way to Fall.
- Assembled using the ISO Sticking Robots for enhanced quality and performance.
- MultiLiners are rooted in tri-lobe trays allowing uniform rooting of each component.
- Fast in planting, allows quick turns, colorful sales, and season-long performance.
- Simplify your combos and increase profits with these formulated mixes.
- Tri-Lobe 50: 1 3/4" W X 1 3/4" D. Sheet 11" X 21"
 - Sold in multiples of 50. 300 per case. 1600 per cart.

Oasis Wedge 50X Rooted Cuttings - Poinsettia

- Plantpeddler is the proven leader in premium rooted Poinsettias.
- Genetics from every global breeding program. Match your culture & niche.
- Propagated in proven 13 strip Oasis Poinsettia system for rooted cuttings.
- Enhanced and perfected rooting protocol; custom grown to order.
- Poinsettia Variety Day 2025 is December 4th. Over 200 varieties in trial.
 - Sold in multiples of 50. 100 or 400 per case. 3200 per cart.

Prefinished - Poinsettia

- Enjoy your Summer and take the stress out of Poinsettia production.
- You are off to a great start! Fully established, pinched. Just add feed and water.
- Extensive production protocol with guaranteed break counts. All major sizes.
- Available week 36 & 37 only; grower truck or customer pickup only.
- Grown on a prebooked basis only. Please book by 03/31/2025.
 - Available from your preferred broker or direct from Plantpeddler.
- Please inquire for further program information and multiples.

Finished Products

- No matter the season, Plantpeddler is your quality full-service supplier.
- With over 45 years of experience, we pride ourselves on growing premium products.
- Available in all seasonal cycles and supported by our in-house sales department.
- Complete retail ready line for the Summer/Fall, and Christmas Holiday Season.
- Quality custom commercial landscape production with an extensive list of references.
- Current availability and order forms available upon request or at www.plantpeddler.com

Plantpeddler Tag Program

- Eliminate the frustration of waiting for tags before you can plant!
- All tags are inventoried in-house, pulled to match orders, and ship with your plants.
- The tag minimum and multiple for Begonia, Echinacea, Helianthus, and Rudbeckia is 25; for all other rooted liner products the multiple is 50 per variety.
- Tag are not available for Poinsettia rooted products.
- No mandatory breeder tags or pots required. Tag multiple and no tag options available.

BEGONIA LEADERSHIP

At Plantpeddler, we have a single quest: To bring you the world's best in Begonias.

When you are thinking Begonias, think beyond Spring. Begonias have applications for all seasons of the year, and with Plantpeddler's 52-week program, you can target market opportunities throughout all seasons. In addition to the year-round program, we have extended the season for two top performing series, Adora and Florencio. Capture Summer and Fall opportunities with seasonal colors, that are easy to grow and have indoor/outdoor cross marketing. Add Begonias to your Christmas holiday mix, along with seasonal holidays like Valentine's Day.

FOR ANY AND EVERY SEASON, WHEN YOU THINK BEGONIAS... THINK PLANTPEDDLER!

GARDEN MUMS & ASTERS

Garden Mum Rooted Cuttings

If Mums are part of your Fall production mix, count on Plantpeddler. Representing all top breeding lines including Syngenta, Gediflora, Dummen Orange, and Ball (exclusive to Ball Hort). Since our beginning in 1980, we have been rooted in Mums, when we grew Cut and Pot Mums year-round. Forty-five years later, we have produced millions; those experiences run deep and drive our production philosophy: Vigorous liners with stacked nodes, toned and ready to perform for you. Flexibility and versatility come with our easy 50 count multiples in our EcoLiner 50X. Add to your mix with Syngenta Asters.

Plantpeddler Garden Mum Advantages:

- Top breeders, complete variety listings in high quality, fully-rooted form.
- Easy to time! All color groups are available covering early to late season.
- Super-charged and ready to grow in our economical EcoLiner 50X tray format.
- Florel treated for no pinch growing, with little or no growth regulators required.
- Mix it up. Available in 50 per variety multiples, allowing for a wider assortment.
- Premium rooted cuttings, competitively priced. Request a quote from your broker.
- Hit the season running and catch the early market!

FAMILIES

In Garden Mum production, there is a lot to be said about a really great family! Find the right family, and if you know how to grow one, you can easily be friends with the entire clan. True families are all sports from the original color, so timing, habit and vigor are very closely matched. This allows for a greatly simplified approach to your planning, growing and sales.

Families like to mix it up! They are the key to success in multi-color mixes. Check out the Garden Mum MultiLiners for suggestions (page 19).

Here are some quality families worth getting to know...

Syngenta Flowers

Ursula 34/35

SUMMER MULTILINERS

ML

Fresh color beyond Spring sells. With little to no off-season competition, capitalize on the opportunity to make quick turns using Plantpeddler MultiLiners. With long days and a warm growing environment, you can finish baskets and pots in just a few weeks. To fit the season, you will find mixes with proven performance including a few special Summer selections. With the robotic precision of ISO sticking of this product line, you will find unmatched quality in our MultiLiner rooted product.

SUMMER ANNUALS

EL

Going beyond Fall Mums by adding Summer-Fall Annuals opens up new markets and opportunities to drive sales and off-peak income. Whether big pots of monoculture features like Rudbeckia, or premium Annual companion plants to create impulse-inspiring combinations, we offer carefully selected varieties to complement the season. Along with top performers from our Spring program, you will find many seasonal program additions. We have worked closely with our supply chain breeders and farms to ensure off-peak availability. Please note weeks available to ensure fulfillment.

POINSETTIAS

by  **PLANTPEDDLER**

Poinsettia Possibilities

In Poinsettia production, great starts equal great finishes, and that is where Plantpeddler comes in. There is little margin for error, especially in starting the crop. Risk management necessitates eliminating losses. Poinsettias comprise the second largest genus of Young Plants at Plantpeddler. We take great pride in representing all varieties from all breeders, and being the premier producer of rooted liners. Discover why growers of all sizes rely on Plantpeddler quality Rooted Cuttings and Prefinished Poinsettias. Let us help you with profitable Poinsettia solutions.

Variety Choices!

Select from leading breeders' genetics including: Beekenkamp, Dummen Orange, InBlume, Lazzeri, Rinehart, and Selecta. Varieties to match your market niche, form, and desired finished week. Need recommendations? We are here to advise you on top performing varieties. Also, plan to attend our Poinsettia Variety Day on December 4, 2025.

Plantpeddler Poinsettia Advantages:

- All breeders, complete variety listings in high quality, fully-rooted form.
- Cover your season! Selections and colors covering early to late season.
- Rooted in the proven Oasis Wedge; 50 per variety allowing a wide assortment.
- Intensive protocol producing healthy liners with well stacked internodes.
- Full IPM to ensure disease and pest free. Vigorous plants with healthy white roots.
- Very competitively priced. Request a quote from your broker.
- Also, available in Prefinished and Finished stages.

Plantpeddler Prefinished Poinsettias:

How can you offer homegrown Poinsettias without all the complexity of the crop? Simplify your growing by finishing Plantpeddler Prefinished. We handle the complicated start of the crop, utilizing our state-of-the-art facilities and production protocols. You receive healthy, clean, and fully established pre-pinned plants ready to finish. Available from your broker or direct from Plantpeddler. This product is available on Grower Truck only.

ORDERING INFORMATION

Contact Us

Phone: (800) 827-1654 • Fax: (563) 547-5792 • info@plantpeddler.com • www.plantpeddler.com

Sales and Ordering

Plantpeddler products are supported through the following market channels:

Young Plants: All products are represented by leading brokerage companies throughout the United States. If you do not have a supporting broker, please contact us to get your order booked and directed to a trusted broker.

We proudly work through the following brokers – Ball Hort. Co., BFG, Carlin Sales, Eason Horticultural Resources Inc., Express Seed Co., Griffin, Michell's, Leo Berbee Bulb Co., McHutchison, and Vaughan's Horticulture.

Finished: Order direct from Plantpeddler and several Finished Plant brokers. Our sales force is ready to serve your needs. Please contact us.

Booked Orders: Our seasonal capacity has limits. We anticipate selling out that capacity at all peak seasons. If you are interested in growing and retailing our products, we highly recommend that you book as early as possible. Lead times vary with product line, genetics, and form to be produced. Please inquire for crop specific lead time information and Early Order Discount (EOD) programs.

Availability: When your needs change during the seasons, we are here to help you fulfill them. Current availabilities are published on our website daily, and you can also request being added to the email availability group (Young Plant and/or Finished). Note: At once orders are subject to availability, and nearest subs may be required to fulfill the order.

Volume Discount: Annual volume discounts are available for all products. For Young Plants, discounts are earned based on prior year volume of all combined product lines shipped October 1 to September 30. Volume level can be recalculated if a higher volume level is reached in the current season. The new volume level will not be retroactively applied to orders already shipped.

EOD: Book your orders early and save! For Garden Mum and Poinsettia Young Plant products, receive an early order discount of 3% on all orders received by Plantpeddler on/or before March 8, 2025 (firm date). These discounts are above and beyond your "Volume Discount". Second Seasons EOD does not apply to Summer Annuals.

Quotes: Looking to grow your volume with us? Please request a quote. Direct this request through your preferred broker, and we will prepare a custom quote.

Pricing: All prices are subject to change without notice. Delivery charges are applied based on product type and service provider. Fuel surcharges may be applied as deemed necessary to offset volatility in energy costs.

Minimum Orders: The order minimum for Young Plant products is one case of rooted cuttings. Minimums vary for Prefinished and Finished products based on product and region. Orders under minimum are subject to surcharges.

Tag Program: Tags are available for all varieties we carry, with the exception of Poinsettias and custom grown varieties. Tags are inventoried at Plantpeddler, pulled to match your order, and shipped with your plants. The default tag ratio for all orders is a "one to one" basis unless clearly specified with the order. Please note "no tags" or a "tag to liner ratio" if applicable. You can place a bulk seasonal tag order and receive a single pre-season shipment. The tag minimum and multiple for Begonias, Echinacea, Helianthus, and Rudbeckia is 25. For all other liner products, the tag minimum and multiple is 50 per variety. A 20% restocking fee may be applied to cancelled and/or returned tags.

Culture & Care: Your success matters! Please contact us for growing culture and post-harvest care information. Our team is here to help. If we do not have the answers, we will find them for you. Also, visit our website at www.plantpeddler.com.

Breeders Rights and Trademarks: A majority of the genetics within this catalog are patented and no propagation is allowed. Additionally, series and variety names are trademarked and copyrighted; use of these names without breeder permission is strictly prohibited. Breeders have the right of first refusal for all mutations and sports. Please inquire with any questions.

Claims: Complete customer satisfaction is our goal. Please call (800) 827-1654 immediately if you experience any problems or are unhappy with our product. As your grower, we will do everything possible to ensure your satisfaction. Please report all claims to your broker (Young Plants) or to Plantpeddler (Finished Plants) within 48 hours of receipt. All preliminary claims will close after 30 days.

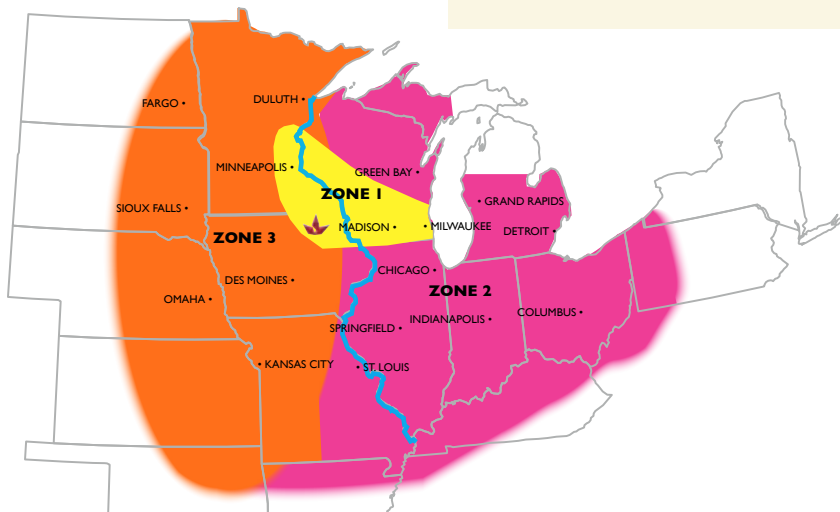

Claims will not be accepted after the customer has transplanted, cutback, or otherwise modified the plants.

To verify a claim, it must be accompanied by photos. If liner related, please include a second image visibly showing the information on the label adhered to the tray. Mutations, sports, and reversions are beyond our control; these variants are not subject to claims.

Cancellations & Order Changes: Cancellations of booked orders for RC products will not be accepted within 8 weeks before the scheduled ship week. BumpUp products are custom grown to order; no cancellations are accepted. Orders cancelled inside of these lead times will be billed to the broker of record; we will accommodate the broker's effort to resell. Subject to availability, we will make every effort to fulfill order additions up to one week prior to the scheduled ship week.

Visible & Hidden Damages: Please closely inspect all boxes BEFORE you sign for them. Note all damages on the shipping documents. Most freight companies will only honor claims listed on the original shipping documents. For Grower Truck deliveries, please note on the BOL when signing for the delivery.

Warranty: Plantpeddler, Inc. disclaims all expressed or implied warranties, including, but not limited to, merchantability, title, non-infringement, and/or fitness for a particular purpose. We do not warrant that plants will be free of disease, bacteria, virus, genetic defect, mutations, syndromes, insects, or other pests. We make no warranty for crop yield, crop quality, or merchantability of the crop. Plantpeddler, Inc.'s liability, under any theory of liability, arising out of or in connection with the sale of plants or otherwise will not exceed the purchase price of the plants. Plantpeddler, Inc. will not be liable for incidental or consequential damages of any sort, whether direct or indirect.

GROWER TRUCK SERVICE REGION

TRANSPORT AND LOGISTICS

Our professional team at Plantpeddler is committed to delivering secure, expedient, and efficient freight solutions with on time delivery to your door. Shipping options include:

Young Plant Grower Truck Program: Safe and secure. During the Second Seasons, whenever possible, we prefer to better serve our growers using Grower Truck. This method ensures the highest quality product reaches your greenhouse. Shipping routes, service weeks and territory do vary during the Garden Mum and Poinsettia seasons. Contact us regarding Grower Truck coverage to your site.

The Young Plant shipping zones for 2025:

Zone 1 – Core Region ships on a weekly basis all Young Plant seasons.

Again for 2025: 50% discount from standard Grower Truck shipping.

Zone 2 – East Region ships even weeks 18 through 34 for Mums & Poinsettias.

Zone 3 – West Region ships odd weeks 17 through 33 for Mums & Poinsettias.

Please use the even and odd weeks for your zone to ensure Grower Truck service. Increased truck service occurs during peak weeks. We will contact the broker and/or the grower to help adjust delivery dates to ensure truck service. Routes are subject to minimum volume requirements per region. Pooled truck delivery is available for small volume orders.

Unless specified on order, all products are cart delivered. If you do not have the ability to handle carts, please notify us. If door height is an issue, you may request orders to be delivered on short carts, which fit through a standard door. Orders requiring boxing will be billed at standard packing charge rates.

Finished Grower Truck Program: In addition to our Young Plant Grower Truck program, we also deliver all in-season Finished Plant Products on Plantpeddler controlled trucking. We bring color right to you on established weekly routes. Please contact us for the route schedule for your area.

Dedicated Truck Program: By the load, deliveries can be made outside of the standard Grower Truck area with minimums that vary with distance, typically ten carts. These orders can be assorted product lines. We can also help coordinate pooled truck options, grouping orders in your region. For these options, call for a customized quote.

National Young Plant Shipping Program: To serve customers outside of the Grower Truck area, we have developed a system with trusted carriers. It is our commitment to improve our process and ability to perform for all growers. Options include:

- **Parcel Shipments:** We have negotiated aggressive discounts with FedEx. They serve as our primary parcel shipper for Young Plant products. We work closely with them to ensure dependable and timely shipments to your door.

- **Air Freight:** Often overlooked, air freight is a safe and cost-effective option. Expanded service for 2025, we have negotiated favorable rates with Southwest, Alaska Air, and others. Departure from Minneapolis, via commercial air freight services to most major airports. Proper handling instructions, airport destination with pick-up, phone on arrival, or re-delivery instructions are the responsibility of the broker/customer. Please inquire for more information.

- **Grower's Choice:** We are always open to your input! If there is a freight method that works best for your unique situation, we are committed to explore and investigate how we can meet your wishes. Please feel free to discuss your freight situation with your broker or directly with us. Your success matters to us!

Customer Pick-Up: Available weekly on Thursday and Friday, 8:30 AM to 5:00 PM. Please call to schedule your pickup, or you will be contacted at least 48 hours in advance to set the date and time. Orders requiring boxing will be billed at standard packing charge rates. Address for Plantpeddler Young Plants: 524 7th Street S.W. Cresco, IA

Universal Case Pack System: The Operations Team at Plantpeddler continues to improve and evolve our shipping systems to allow you flexibility in ordering and efficiency in freight costs. The new "Universal Case Pack System" allows for all product lines to potentially be mixed in a single case. As an example, 100 MultiLiner, 200 EcoLiner and 150 DoubleUp rooted cuttings can be packed in a single case. This allows for improved packing and fewer partially filled cases, optimizing freight charges.

General Information: All orders are FOB Plantpeddler, Cresco, IA. Except for Grower Truck, all shipping methods are at the customer's risk.

Packaging & Cart Capacity Guideline
